The workshop focuses on scientific exchange and dissemination of technical aspects of tandem mass spectrometry. Sessions take place in the heart of the Canadian Rockies – 2.5 hours from Calgary. The format is informal and designed to stimulate discussion for a maximum of 110 participants.

**Sessions to include:**

Ion Mobility / Tandem MS  
Endogenous Peptides  
Tandem MS of Proteins, Peptides, and Metabolites  
Tandem MS Instrumentation and Methods  
Tandem MS Fundamentals and Ion Reaction Dynamics

**Visit the website for student travel awards (\$2000) and workshop updates.**

**Accommodations/Meals:**

Accommodations and three meals a day starting from \$348.52/day (single) for a Mountainside room. Prices are in CA dollars with taxes included.
